**INTER-OFFICE CORRESPONDENCE**

DEC 23 1992

11 A. PAGES

To: S. PARRISH

Date: 23rd December, 1992

From: H. REIF

Number:

Subject:

**S&T MONTHLY ACTIVITIES :  
1ST TO 23RD DECEMBER, 1992**

**30th November, 1st and 2nd December**

Took part in an International Conference on "Wellbeing at Work" which was held in Luxembourg. The main aim of this conference was to investigate and assess the application and further develop Community policy on safety, hygiene and health protection at work. (A report is in circulation here in Neuchatel). - ANB

**1st December**

Contact with Prof. R. Molimard (Paris) who informed of his appointment as member of a committee which is to review the list of permitted ingredients in France. - IAM.

**2nd December**

Visit to John Gorrod at King's College, London, to discuss the status of the Nicotine projects, (both PM sponsored and otherwise). - RDE.

**3rd December**

Participated in the Industrial Genotoxicology Group Winter Meeting in London. (Notes have been circulated to Richmond, Neuchatel and Inbifo). - RDE.

**4th December**

Test Videoconference. - ANB /CDM/RIT.  
Ongoing discussions with Swiss PTT, Loreen McAlpin, Norm Nuckols and Swiss representative of Picture Tel.

**7th December**

Meeting in Paris with Prof. R. Molimard to hear about the terms of reference of the recently appointed Committee on ingredients. Prof. Molimard also mentioned during the conversation that he will now devote all his time to research on tobacco having given up his hospital activity in Nanterre. - IAM.  
Two day meeting at the offices of Shook, Hardy and Bacon in London with Evan Gregg and Gene Peck to discuss S&T's scientific agenda for 1993. Information was exchanged regarding strategy, consultants and projects. This is a very useful relationship which will continue to develop. - RIT.
